RE: BIO CHLOR 13  
Category Code: D2  
NSF Registration No. 123604

Dear Fernanda O'Farrill:

NSF has processed the application for Registration of **BIO CHLOR 13** to *the NSF Registration Guidelines for Proprietary Substances and Nonfood Compounds (2002)*, which are available at [www.nsf.org/usda](http://www.nsf.org/usda). The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling.

**This product is acceptable for use as a sanitizer on all surfaces not always requiring a rinse (D2) in and around food processing areas. Before using this compound, food products and packaging materials must be removed from the room or carefully protected. A potable water rinse is not required following the use of this compound on previously cleaned hard surfaces provided that the surfaces are adequately drained before contact with food so that little or no residue remains which can adulterate or have a deleterious effect on edible products. A potable water rinse is required following use of this compound under conditions other than those stated above. The compound must always be used according to applicable label directions.**

**This product is NSF Registered when the NSF Registration Number, Category Code, and Registration Mark appear on the NSF approved product label.** The NSF Registration Mark can be downloaded from the NSF web site, at [http://www.nsf.org/mark/download\\_marks.html](http://www.nsf.org/mark/download_marks.html).

Registration of this compound by NSF International is in no way to be construed as an endorsement of the compound, appropriate selection for use, or any performance or efficacy claims made by the manufacturer.

Registration status may be verified at any time via the NSF web site, at <http://www.nsf.org/usda>. Changes in formulation or label, without the prior written consent of NSF, will void registration, and will supersede the on-line listing.

Sincerely,

A handwritten signature in black ink that reads 'Kenji Yano'.
