May 24, 2018

Mr. Octavio Morales  
Beta Procesos S.A. de C.V.  
Av. Mexico-Japon Lot 17 y 18 Man 9  
Cd. Industrial, Celaya, Gto  
38010  
Mexico

**RE:** SC-50  
Category Code: 3B  
NSF Registration No. 157497

Dear Mr. Octavio Morales:

NSF has processed the application for Registration of **SC-50** to the *NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds* (2017), which are available upon request by contacting [NonFood@nsf.org](mailto:NonFood@nsf.org). The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review.

**This product is acceptable for use as a Hog Scalding Agent (3B), provided that it is used according to the manufactures use instructions, it is labeled in accordance with CFR Title 9, Section 381.1(d), and the product will be removed by subsequent rinsing with potable water during dressing operations.**

NSF Registration of this product is current when the NSF Registration Mark and Category Code appear on the NSF-approved product label, and the Registered product name is included in the current NSF White Book Listing of Nonfood Compounds at the NSF website ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

NSF Listing of all Registered Nonfood compounds by NSF International is not an endorsement of those compounds, or of any performance or efficacy claims made by the manufacturer.

Registration status may be verified at any time via the NSF website, at [www.nsfwhitebook.org](http://www.nsfwhitebook.org). Changes in formulation or label, without the prior written consent of NSF, will void Registration, and will supersede the on-line listing. Please contact your NSF Project Manager or [nonfood@nsf.org](mailto:nonfood@nsf.org) if you have any questions or concerns pertaining to this letter.

Sincerely,

Carolyn Gilliland  
NSF NonFood Compound Registration Program
