## Certificate of Registration

Beta Procesos S.A. de C.V. has achieved Registration status for NL-50 to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

### NL-50

Category Code: A7, P1

NSF Registration No. 160405

**This product is acceptable as a metal cleaner and polisher for nonfood contact surfaces (A7) in and around food processing areas. All food products and packaging materials shall be removed or carefully protected prior to usage. This compound must be used in a manner so that all odors associated with the compound are dissipated before food products or packaging materials are re-exposed in the area.**

**This product is acceptable for use as a degreaser (P1) in and around food processing areas where its use is not intended for direct food contact. Use of this product in food processing or handling facilities requires that all food products and packaging in materials be removed or protected prior to product use. The product must only be used in a manner consistent with the manufacturer's labeling and use instructions.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
