Birko Antifoam 100

Category Code: Q5

NSF Registration No. 167262

This product is acceptable for use as a Foam Control Product (Q5) to control foam in egg washing machines. Shell eggs washed in water containing this product shall be immediately rinsed with warm potable water containing an EPA registered sanitizer.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
