

REGISTRATION LETTER

Steelcraft Food Service Equipments Pvt. Ltd.

NSF has processed the Registration of the following products according to **HCV IN PROGRAM (HACCP COMPLIANCE VERIFICATION INDIA)**

- Custom Food Warming Bin
- Custom Fry Bagging Station

HCV IN Registration of this product is current when the Registration Mark is part of the approved product marking, and when the registered product's name is included in the current HCV IN online registration listing – use the following URL address to access the listing: <https://www.nsf.org/certified-products-systems>

HCV IN Registration is not an endorsement of the registered products, nor does it confirm full compliance to all national, regional or local requirements that may be applicable for the particular product type.

Changes in the product or marking, without prior written consent of NSF, will void the registration, and will supersede the online listing.
