NSF Nonfood Compounds
Registration Program
Company No: N01546

Certificate of Registration

Astro Products, Inc. has achieved Registration status for MAX FOAM to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

MAX FOAM

Category Code: A2

NSF Registration No. 101328

This product is acceptable for use as a cleaner for use in soak tanks or with steam or mechanical cleaning devices (A2) in and around food processing areas, where its use is not intended for direct food contact. Use of this product in food processing or handling facilities requires that all food products and packaging materials be removed or protected prior to product use. A potable water rinse of cleaned surfaces is required after use of this product. When used according to manufacturer's instructions, the cleaner shall neither exhibit a noticeable odor nor leave a visible residue.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
