RE: AMMONIUM CHLORIDE

Category Code: GX, KX NSF Registration No. 123860

Dear Robert A. Yates:

NSF has processed the application for Registration of **AMMONIUM CHLORIDE** to the NSF Registration Guidelines for Proprietary Substances and Nonfood Compounds (2000), which are available at www.nsf.org/usda. The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements for appropriate use, ingredient review and labeling verification.

This product is acceptable as an **ingredient for use in water treatment products** (**GX**). Due to the nature of some ingredients, they may not be acceptable for use in some types of products. Formulations containing NSF Registered ingredients are not considered NSF Registered products. A separate application is required for each final product. Formulators using NSF Registered ingredients need only identify the trade name, NSF Registration number, and concentration within the finished product on the application form.

This product is acceptable as an **ingredient for use in solvent cleaners** (**KX**). Due to the nature of some ingredients, they may not be acceptable for use in some types of products. Formulations containing NSF Registered ingredients are not considered NSF Registered products. A separate application is required for each final product. Formulators using NSF Registered ingredients need only identify the trade name, NSF Registration number, and concentration within the finished product on the application form.

This product is NSF Registered when the NSF Registration Number, Category Code, and Registration Mark appear on the NSF approved product label. The NSF Registration Mark can be downloaded from the NSF website, at <a href="http://www.nsf.org/mark/download\_marks.html">http://www.nsf.org/mark/download\_marks.html</a>.

Registration of compounds by NSF International is in no way to be construed as an endorsement of the compounds, appropriate selection for use, or of any performance or efficacy claims made by the manufacturer.

Registration status may be verified at any time via the NSF website, at <a href="http://www.nsf.org/usda">http://www.nsf.org/usda</a>. Changes in formulation or label, without the prior written consent of NSF, will void registration and will supersede the on-line listing.

Sincerely,

Alice Edmunds
