NSF Nonfood Compounds
Registration Program
Company No: 1X200

Certificate of Registration

KRAHN Specialty Fluids AB has achieved Registration status for CRANE Temper to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

CRANE Temper

Category Code: HT1, HT2

NSF Registration No. 136737

This product is acceptable for use as a heat transfer fluid where there is no possibility of food contact (HT2). The amount used should be the minimum required to accomplish the desired technical effect.

This product is acceptable for use as a heat transfer fluid where there is possibility of incidental food contact (HT1). The amount used should be the minimum required to accomplish the desired technical effect. The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
