NSF Nonfood Compounds
Registration Program
Company No: N04803

Certificate of Registration

McLaughlin Gormley King Company has achieved Registration status for NyGuard® IGR Concentrate to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022)

NyGuard® IGR Concentrate

Category Code: F2

NSF Registration No. 143749

This product is acceptable for use as a Residual Pesticide (F2) provided its use is generally restricted to inedible product areas or outside premises where exposed food products are neither processed nor stored in open containers. The product may be used in edible product areas for crack and crevice treatment provided applicable directions appear on the EPA registered label. Such use is acceptable provided the pesticide is applied after processing operations have ended, exposed food products and packaging materials are removed or protected, the treated area is ventilated and cleaned thoroughly before processing operations are resumed, and the treated crack and crevices are sealed.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
