NSF Nonfood Compounds  
Registration Program  
Company No: C0162922

## Certificate of Registration

Safe Foods Chemical Innovations has achieved Registration status for Neutraleze LQ to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

### Neutraleze LQ

Category Code: 3C, 3D, 5C

NSF Registration No. 148176

**This product is acceptable for use as a tripe processing substance (3C). This product is typically used in the denuding, bleaching, or neutralizing of tripe. This product may be used at a level sufficient for the purpose, provided that the substance will be removed by subsequent rinsing with potable water during dressing operations.**

**This product is acceptable for use in meat, poultry, and other food processing areas as a Fruit and Vegetable Washing Product (3D), when used to wash fruits and vegetables that will become ingredients of meat, poultry, and rabbit products. After using the substance, the fruits and vegetables must be rinsed thoroughly with potable water. Such use requires following the respective label instructions, and shall utilize the minimum amount sufficient for the purpose. The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review.**

**This product is acceptable for use as a passivating agent for stainless steel (5C) in and around food processing areas. A potable water rinse of cleaned surfaces is required after use of this product. The product must only be used in a manner consistent with the manufacturer's labeling and use instructions.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
