NSF Nonfood Compounds
Registration Program
Company No: N06573

Certificate of Registration

Sunshine Makers, Inc. has achieved Registration status for Simple Green Foaming Coil Cleaner (liquid) to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

Simple Green Foaming Coil Cleaner (liquid)

Category Code: C1, K5

NSF Registration No. 149792

This product is acceptable for use in inedible product processing areas, nonprocessing areas, and/or exterior areas of food processing establishments (C1) provided that it is not used to mask odors resulting from unsanitary conditions, and that any characteristic odor or fragrance does not penetrate into an edible product area. When used on equipment that will be returned to a food processing area, the product must be completely washed off and rinsed with potable water before returning to the processing area.

This product is acceptable for use as a cleaner for coils, condensers, evaporators, and other similar components (K5), in nonfood processing areas. The product must be used in such a manner as to ensure it has neither direct nor indirect contact with food or potable water. Use must also be consistent with the manufacturer's directions and warnings.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
