Certificate of Registration

Henan Beijia Lubrication Science & Technology Co., Ltd. has achieved Registration status for CPU HF68 Synthetic Food Grade Circulating Oil to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

CPU HF68 Synthetic Food Grade Circulating Oil

Category Code: H1, ISO21469 NSF Registration No. 154439

This product is acceptable as a lubricant with incidental food contact (H1) for use in and around food processing areas. Such compounds may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures, and as a lubricant for machine parts and equipment in locations in which there is a potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. If used as an anti-rust film, the compound must be removed from the equipment surface by washing or wiping, as required to leave the surface effectively free of any substance which could be transferred to food being processed.

This product has met the requirements of the NSF ISO 21469 certification for lubricants with incidental product contact. The product is intended to be used as a lubricant in the production of food, food processing, cosmetics, pharmaceutical, and animal feeding products and packaging.

This letter is confirmation that the formulation complies with the NSF Guidelines. At your request, the product will not be listed on the NSF website. The product Registration can be verified by contacting NSF directly. Distributors brands can be sub-registered without disclosing the formulation by having distributors specify the NSF Registration Number in their applicat ions.

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
