NSF Nonfood Compounds
Registration Program
Company No: C0283803

Certificate of Registration

Kissner Milling Ltd. has achieved Registration status for Culligan® Solar Extra Coarse Crystals to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

Culligan® Solar Extra Coarse Crystals

Category Code: P1

NSF Registration No. 157082

This product is acceptable for use as a penetrant for the detection of cracks, surface breaking flaws, and leaks (P1) in and around food processing areas where its use is not intended for direct food contact. Use of this product in food processing or handling facilities requires that all food products and packaging in materials be removed or protected prior to product use. The product must only be used in a manner consistent with the manufacturer's labeling and use instructions.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
