A handwritten signature in black ink, appearing to read 'Orsolya Dezsi'.

Orsolya Dezsi

NSF Nonfood Compounds
Registration Program

Company No: N04109

XFO-515B

Category Code: 5A, 5C

NSF Registration No. 161427

This product is acceptable for use as an Antifoaming Agent (5A) for controlling foam in soups, stews, rendered fats, and curing pickles. This product must be used in a manner which ensures the dimethylpolysiloxane concentration does not exceed 10 parts per million in the food.

This product is acceptable for use in food processing areas as a defoaming agent in washing and processing fruits and vegetables such as potatoes (5C). A potable water rinse is required after use of this substance. Use must also be consistent with the manufacturer's directions and warnings.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
