## TBF® 300

Category Code: P1

NSF Registration No. 162408

**This product is acceptable for use as a rapid test for detection of microbial biofilms on non-porous surfaces (P1), in and around food processing areas. The product must only be used in a manner as to ensure there is no possibility of direct or indirect contact with food or potable water. Use must also be consistent with the manufacturer's directions and warnings. NSF has not evaluated the efficacy of this product.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
