Henny Penny Prime Filter Powder

Category Code: 3F

NSF Registration No. 165987

This product is acceptable for use as a refining agent for rendered fats (3F), provided that the substance is eliminated during the process of manufacturing.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
