Registration Program
Company No: C0726621

MAXTEC RO-41

Category Code: W2

NSF Registration No. 166835

This product is acceptable for use for reverse osmosis membrane sanitation (W2) in and around food processing areas. This product must only be used in a manner as to ensure it will have neither direct nor indirect contact with food or potable water. Use must also be consistent with the manufacturer's directions and warnings. Acceptable use under this category does not include use at water treatment facilities.

This product is exclusively for sale and distribution outside the United States.

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
