## Motorol Stamping and Punching Oil

Category Code: U1, UX-1

NSF Registration No. 167426

**This product is acceptable for use as a surface lubricant used in the manufacture of metallic articles that contact food (U1) as described in 21 CFR 178.3910. The amount used should be the minimum required to accomplish the desired technical effect and shall not accomplish any technical effect in the food itself.**

**This product is acceptable as an ingredient for use in surface lubricants used in the manufacture of metallic articles that contact food (UX-1). Formulations containing NSF Registered ingredients are not considered to be NSF Registered products. A separate application is required for each final product.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
