Company No: C0250321

FlashDry Organic Industrial Absorbent

Category Code: J1

NSF Registration No. 168535

This product is acceptable for use as an absorbent or anti-slip agent for spot application on floors to correct a hazardous condition (J1) in official establishments operating under the Federal meat and poultry products inspection program. Such products may be used in all areas provided that use is limited to the portion of the floor area where the hazard exists and does not result in dusting, tracking, or other objectionable conditions. The product may not be used as a substitute for good sanitation. It must be removed as a part of the routine floor cleaning operation. Note: Appropriate measures must be taken to prevent exposure to hazardous dust during the application and removal of this product. Such measures may include the use of respiratory protection, ventilation, and other dust control procedures.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
