## ProClean Egg Wash

Category Code: Q1

NSF Registration No. 168541

**This product is acceptable for use as a Shell Egg Cleaning Product (Q1). A warm potable water rinse containing an EPA registered sanitizer is required after usage of the product.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
