## Certificate of Registration

Delta Foremost Chemical Corporation has achieved Registration status for Foremost 1203-ES Hi-Teck WS Synthetic Coolant to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

### Foremost 1203-ES Hi-Teck WS Synthetic Coolant

Category Code: H2, HT2

NSF Registration No. 168675

**This product is acceptable as a lubricant where there is no possibility of food contact (H2) in and around food processing areas. Such compounds may be used as lubricants, release agents, or antirust films on equipment and machine parts in locations in which there is no possibility of the lubricant or lubricated part contacting edible products. Limitation: This product must be used in a manner so that all odors associated with the fragrance are not detectable.**

**This product is acceptable for use as a heat transfer fluid where there is no possibility of food contact (HT2). The amount used should be the minimum required to accomplish the desired technical effect.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
