NSF Nonfood Compounds
Registration Program

Company No: C0751699

Certificate of Registration

NNL Engineering & Chemical Co. Ltd. has achieved Registration status for HYDRO CHEM RO501 to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022)

HYDRO CHEM RO501

Category Code: W1

NSF Registration No. 168738

This product is acceptable for use as a reverse osmosis antiscalant (W1) in and around food processing areas. This product must only be used in a manner as to ensure it will have neither direct nor indirect contact with food or potable water. Use must also be consistent with the manufacturer's directions and warnings. Acceptable use under this category does not include use at water treatment facilities.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
