Active SW

Category Code: P1

NSF Registration No. 168783

This product is acceptable for regeneration of ion exchange resins (P1). The compound must be used in a manner which prevents direct or indirect contamination of edible products.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
