AD FOODS

Category Code: 5C

NSF Registration No. 168912

This product is acceptable for use as an antimicrobial agent (5C) in the production of meat and poultry, processed and preformed meats, poultry, fish, salmon and shellfish. Use must be consistent with the manufacturer's directions and warnings.

This product is exclusively for sale and distribution outside the United States.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
