# Certificate of Registration

FUCHS LUBRICANTES S.A.U. has achieved Registration status for CASSIDA COMPOUND L to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022)

## CASSIDA COMPOUND L

Category Code: H1, M1, U1

NSF Registration No. 169578

**This product is acceptable as a lubricant with incidental food contact (H1) for use in and around food processing areas. Such compounds may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures, and as a lubricant for machine parts and equipment in locations in which there is a potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. If used as an anti-rust film, the compound must be removed from the equipment surface by washing or wiping, as required to leave the surface effectively free of any substance which could be transferred to food being processed.**

**This product is acceptable for use as a mold release agent (M1) on molds that are used to produce packaging material that will contact food to prevent the finished product from adhering to the mold. The amount used on the equipment should be the minimum required to accomplish the effect.**

**This product is acceptable for use as a surface lubricant used in the manufacture of metallic articles that contact food (U1) as described in 21 CFR 178.3910. The amount used should be the minimum required to accomplish the desired technical effect and shall not accomplish any technical effect in the food itself.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
