Kleen Air FG

Category Code: P1

NSF Registration No. 170204

This product is acceptable for use as a treatment additive for H1 lubricants where there is the possibility of incidental food contact (P1). The amount used should be the minimum required to accomplish the desired technical effect. The product must only be used in a manner consistent with the manufacturer's labeling and use instructions.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
