NSF Nonfood Compounds
Registration Program

Company No: C0758383

Certificate of Registration

Nano Coating Technologies S.A. de C.V. has achieved Registration status for Aislante Térmico to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

Aislante Térmico

Category Code: R2

NSF Registration No. 170699

This product is acceptable for use as a coating where there is no possibility of food contact (R2) such as floors, walls, and ceilings. The coating must be applied in a manner which prevents direct or indirect contamination of edible products. Before the food product may be placed in the area where the material is being used, the area should be sufficiently free of odor to prevent product contamination. As a safety precaution, smooth coatings should not be applied to walking or standing surfaces in processing areas.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
