## SFC

Category Code: P1

NSF Registration No. 171358

**This product is acceptable for use as a wash for pickling and passivating stainless steel (P1) in and around food processing areas where there is no possibility of direct or indirect food contact. Use of this product in food processing or handling facilities requires that all food products and packaging in materials be removed or protected prior to product use. A potable water rinse of cleaned surfaces is required after use of this product. The product must only be used in a manner consistent with the manufacturer's labeling and use instructions.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
