## Certificate of Registration

Laboratorios Sanox S.A. de C.V. has achieved Registration status for FREEGUM to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

### FREEGUM

Category Code: K3

NSF Registration No. 171977

**This product is acceptable for use as an adhesive or glue remover (K3), for removing adhesive or glue from food packaging materials in and around food processing areas, where its use is not intended for direct food contact. Before using this compound, food products and packaging materials must be removed from the area or carefully protected. After using these compounds, all surfaces must be thoroughly washed with an acceptable detergent solution, and rinsed with potable water. This compound must be used in a manner so that all odors associated with the compound are dissipated before food products or packaging materials are re-exposed in the area.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
