Certificate of Registration

Compañia Integral De Proyectos Quimicos S.A. de C.V. has achieved Registration status for D-S J to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

D-S J

Category Code: P1

NSF Registration No. 173974

This product is acceptable for use as a spray and wipe cleaner for use on equipment where no rinse is possible (P1) in and around food processing areas. Before using this product, food products and packaging materials must be removed from the room or carefully protected. A potable water rinse is not required following the use of this product on hard surfaces provided that the surfaces are adequately wiped-off before contact with food, so that no visible residue remains which can adulterate or have a deleterious effect on edible products. A potable water rinse is required following use of this compound under conditions other than those stated above. The compound must always be used according to applicable label directions.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
