Certificate of Registration

Infinium Edge Operations, LLC has achieved Registration status for Infinium EDGE ETV100 Immersion Fluid to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

Infinium EDGE ETV100 Immersion Fluid

Category Code: 537, HT1

NSF Registration No. 174592

This product is acceptable for use as a heat transfer fluid where there is possibility of incidental food contact (HT1). The amount used should be the minimum required to accomplish the desired technical effect. The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review.

This product has met the requirements for PFAS-Free as established in NSF Guideline #537. Products registered as PFAS-Free must have a TOF (Total Organic Fluorine) content of 50 ppm or less. In addition, these products must not contain any of the following: intentionally added PFAS, post-consumer recycled content, PFAS additives (PPA, etc), or PFAS from manufacturing contamination.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
